

PRODUCTO™ FC-44

(formerly CIMCLEAN® FC44)

Floor Cleaner Concentrate

FC-44 is a heavy-duty liquid industrial cleaning compound formulated especially for use in mechanical floor scrubbers. This product effectively removes grease, oil, and shop dirt from concrete, wood block and terrazzo floors.

FC-44 is an alkaline material containing no free caustic. FC-44 is phosphate free. This controlled foam cleaner will not clog scrubbers and is chemically balanced to prevent the corrosion of aluminum scrubber parts. FC-44 is fast drying and will not leave floors slippery.

FC-44 is a highly concentrated detergent and can be used in many routine cleaning operations at concentrations of 1% by volume. For heavily soiled floors, concentrations up to 5% are recommended. FC-44 can also be used in mop bucket operations at concentrations up to 5%

FC-44 is primarily intended for use in floor scrubbing machines and can be used as a general purpose cleaner for walls and equipment. It can be used manually or with spray or steam cleaning equipment.

For additional information concerning FC-44 refer to its OSHA MSDS or contact us at 513-458-8199 for specific recommendations.
