

PRODUCTO™ MC-824

GENERAL PURPOSE CLEANER

Product Information Flyer

DESCRIPTION

PRODUCTO MC-824 is an industrial strength water based general purpose cleaner.

APPLICATION

PRODUCTO MC-824 is designed for use as a spray and wipe maintenance cleaner to remove grease, oil and dirt from machinery, floors, walls and other hard surfaces.

FEATURES & BENEFITS

VERSATILITY:

PRODUCTO MC-824 is safe for use on most plastics and painted surfaces; however it can affect some paints. Test on a small area before general use on painted surfaces. Used straight or diluted with water, it is an excellent cleaner for desks, counter tops as well as industrial equipment.

RECOMMENDED STARTING DILUTIONS

PRODUCTO MC-824 is to be mixed with water for use. Always add concentrate to water. Fluid may be more difficult to mix when water temperature is below 55°F. Add no other materials to the concentrate or mix unless approved by your CIMCOOL® District Manager.

General Purpose Cleaning:	3% - 5%	(1:33 to 1:20)
Heavy Duty Cleaning:	50% - 100%	(1:2 to 1:1)

CONCENTRATION

A refractometer can be used to test concentration. A refractometer is only recommended for use in checking the concentration of a fresh charge.

The Refractometer Factor is 10.0

Multiply the scale reading obtained on your CIMCOOL® Refractometer by this factor to obtain the mix concentration in percent. Calibrate the refractometer so that it reads 0.0 with water before testing the sample mix. Remove gross contaminants from the sample mixes before testing.

TYPICAL PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid

Solubility in Water: 100% Miscible

Boiling Point: 212°F

pH Concentrate: 10.5

Appearance and Odor: Clear/Chemical

Specific Gravity: 1.02

VOC Content (by ASTM D2369): 1%

pH Mix 4%: 8.5

HANDLING and STORAGE

If frozen, product separates. Thaw completely at room temperature and stir thoroughly prior to use. Inside storage is recommended.

SAFETY DATA SHEET
