

## PRODUCTION CLEANERS

### APPLICATIONS

**CIMCLEAN® GP22** is an industrial strength water-soluble general-purpose detergent cleaner. This product is designed for use as a maintenance cleaner to remove grease, oil, and dirt from machinery, floors, walls, and other hard surfaces. It is suitable for use on painted and non-painted surfaces.

### FEATURES & BENEFITS

- **CIMCLEAN® GP22** contains no glycol ethers or other solvents - Based on biodegradable organic surface active agents and inorganic soil dispersing agents - Emulsifies oils and suspended dirt - Provides a moderate, controlled level of foam in use
- **CIMCLEAN® GP22** can be diluted with water in any proportion. It contains no insoluble materials and will not clog cleaning equipment when used, even at high concentrations. For general floor and maintenance cleaning, a concentration of 1 - 2% (approximately 3 ounces per gallon of water) is recommended. Higher concentrations can be used for removing difficult soils. For spray and steam cleaning, a concentration of 12% (approximately 16 ounces per gallon of water) is recommended.

### TYPICAL PHYSICAL AND CHEMICAL PROPERTIES

**Appearance:** Clear liquid  
**Odor:** Chemical  
**Specific Gravity:** 1.12  
**Density (pounds per gallon):** 9.35  
**pH, concentrate:** 10.2  
**pH, use dilutions (1-12%):** 10.2  
**Packaging:** Available in 5 gal. pails, 55 gallon drums and bulk containers

Add no other substances to the concentrate or mix unless approved by CIMCOOL® Technical Services. For additional information concerning this CIMCLEAN® product, refer to its OSHA MSDS or contact CIMCOOL® Technical Services at 1-513-458-8199.
