## ***Boeing-approved CIMTECH 320Z<sup>®</sup> Synthetic Metalworking Fluid Meets Strict Requirements Of Aerospace Manufacturing***

**Cincinnati, Ohio—2011**—CIMCOOL, a long-time industry leader in metalworking fluid technology, offers **CIMTECH 320z<sup>®</sup>**, a low-pH synthetic fluid concentrate that has become the standard metalworking fluid for many aerospace manufacturers and is Boeing-approved.

**CIMTECH 320z** is recommended for heavy-duty machining and grinding operations on non-ferrous or ferrous metals. Designed for moderate- to heavy-duty operations, **CIMTECH 320z** offers **excellent rancidity control**, extending the life of the fluid and minimizing the need for additives; **excellent lubricity**, providing long tool life and outstanding surface finish; and **excellent cleanliness**, rejecting tramp oil to keep product clean which ultimately extends sump life. In addition, **CIMTECH 320z** is **transparent**, offering the machine operator uninhibited part visibility, is also non-irritating to the skin, low misting and non-smoking. The product provides **excellent machine compatibility** and is very low foaming even when used with deionized water. **CIMTECH 320z** is easily recycled and **environmentally friendly**.

All CIMCOOL products are backed by the company's "no-hassle" performance guarantee and free trial assurance. For additional information on this and other CIMCOOL products, please visit our website at [www.CIMCOOL.com](http://www.CIMCOOL.com), and click on the MSDS and Product Information menu. CIMCOOL Fluid Technology is a global manufacturer of metalworking fluids. The company is certified ISO 14001, ISO 9001

CIMCOOL, headquartered in Cincinnati Ohio, is a world supplier in metalworking fluid technology.
