**MILACRON's CIMTECH® "Z" Products Expand Metalworking Fluid Technology**

**Cincinnati Ohio, June 2007** – CIMCOOL, a long time industry leader in metalworking fluids technology, has announced the release of its latest development – the **CIMTECH® "Z" Fluids**. This recent addition to the comprehensive line of CIMCOOL products is sure to revolutionize the metalworking industry.

The **CIMTECH®** Synthetics family of products can improve both machining and grinding applications within operations without using mineral oil. Through pioneering research and development as well as extensive testing **CIMTECH®** products can provide, clear, clean, low foaming, synthetic metalworking fluid. These qualities provide significant advantages in your machine and product quality.

The CIMCOOL **CIMTECH®** family of products are applicable for both heavy and light-duty grinding and machining operations while providing superior results in ferrous and non-ferrous metals. The **CIMTECH®** fluids are formulated to reject tramp oil while providing a transparent substance. The results are greater metalworking detail with the ability to meet even the tightest specifications.

CIMCOOL has advanced the **CIMTECH®** line with the addition of the **CIMTECH® "Z"** metalworking fluids. Several **CIMTECH®** products have been enhanced with this new formulation to produce: **CIMTECH® 305Z**, **CIMTECH® 310Z**, **CIMTECH® 320Z**, **CIMTECH® 3900B**, **CIMTECH® 285Z** and **CIMTECH® 410Z**.

The **"Z"** fluids have been designed to provide many considerable benefits, including:

- Extended sump life
- Up to a **40% improved tool life**
- A **20% increase in productivity**
- Excellent **rancidity control**
- Greatly **reduced concentrate usage**

As with all CIMCOOL products, the new **"Z"** line is backed by the CIMCOOL "No-hassle" performance guarantee and free trial assurance.

Milacron, Inc. is a global leader in the design, manufacture and service of metalworking fluid technology. It is a leading supplier of fluid services, which support the metalworking industry, to manage metalworking fluids and reduce costs. It is certified ISO 14001, ISO 9001, ISO 9002 and ANSI/ASQ Q9001.

For additional information on these and other CIMCOOL products, please visit our website at [www.CIMCOOL.com](http://www.CIMCOOL.com), and click on the MSDS and Product Information menu.

CIMCOOL, headquartered in Cincinnati Ohio is the world leader in metalworking fluid technology.
